---

## CERTIFICATIONS

- CompTIA Security+ - April, 2024
- HackTheBox Academy Penetration Tester Course

---

## EDUCATION

**BS Cyber Security | Southern New Hampshire University**

**Expected by March, 2026**

**AS Web Development | Utah Valley University**

**2019 - 2023**

---

## EXPERIENCE

**Technology Sales Representative | RC Willey**

**December, 2024 - Present**

I worked with customers to select the best computers that fit their desired hardware and software specifications. I would help educate our customers about the differences between our computer selection.

**Team Lead/Tech Repair Specialist | IRecertify**

**June, 2022 – December, 2024**

Ensure my team of around four to ten people are reaching the daily goals for our current project. I work with my team to complete our projects, which consists of refurbishing, repairing, and preparing products to be sold.

**Technical Support Representative | Global Payments Integrated**

**July, 2021 – June, 2022**

My responsibilities consisted of reaching out to clients via phone call and email to diagnose and troubleshoot issues with account settings, computer hardware, and server setup.

---
